Work Authorization: F-1 | Eligible to apply for USF-authorized CPT for qualifying roles | STEM M.S.; post-completion OPT + potential 24-month STEM OPT extension

EXECUTIVE PROFILE

Executive product and transformation leader with 20+ years converting emerging technology, data, customer insight and operating strategy into measurable enterprise results. Led 20+ senior leaders and 200+ professionals, managed an annual operating budget of approximately R$78M (~US$15M equivalent), built proprietary CRM and data platforms, and helped scale Zanc from ~200 to ~5,000 employees company-wide. Currently pursuing a STEM M.S. in Artificial Intelligence & Business Analytics at USF (current GPA 3.9/4.0).

Experience spans AI transformation, product strategy, enterprise platforms, analytics, innovation governance, customer experience, marketing technology, international operations and venture building. Combines executive leadership with hands-on prototyping and applied AI research in sports, games, digital legacy and bioengineering.

Core Leadership: AI Transformation & Responsible Adoption | Product Strategy & Roadmaps | Enterprise Innovation | Data & Analytics | Customer Experience | Business Transformation | Change Management | Cross-Functional Leadership | Program Management

PROFESSIONAL EXPERIENCE

Founding Executive & Head of Operations | AL Master Service | 2023-2025 | Brazil

- Joined the founding team through League Consultoria and led a lean portfolio-management and analytics business focused on distressed-credit investments, directing sourcing, valuation, pricing, financial modeling, client development and operating strategy.
- Structured the launch transaction and analytical models for portfolio-acquisition decisions, including portfolio organization, documentation, pricing and support for the related AL Sec securitization vehicle.

Founder / Executive Consultant | League Consultoria | Nov 2021-Dec 2024 | Brazil

- Provided executive consulting in analytics, performance and portfolio strategy for MTZ, then served as the contracting vehicle for the structuring and operational launch of AL Master; supported renewal of the strategic PREVI relationship.

Executive Director & Partner | MTZ Data | 2017-2022 | Brazil

- Co-led a financial-services and asset-management business specializing in distressed portfolios and complex asset recovery, with responsibility for governance, compliance, analytics and operational strategy.
- Managed end-to-end portfolio and real-estate strategies spanning collections, repossession, retrofit, auctions, asset sales and financial performance; developed PREVI into the company's principal strategic client.

Executive Director - Technology, Strategy & Marketing | Zanc Group | 2008-2022 | Brazil

IT & Marketing Manager (via Elite Consultoria) | Zanc Group | 2004-2008 | Brazil

- Helped scale the company from ~200 to ~5,000 employees company-wide while managing an annual operating budget of approximately R$78M (~US$15M equivalent) and leading 20+ senior leaders and 200+ professionals across technology, analytics, marketing and strategic functions.
- Technology transformation: replaced legacy telecom architecture with VoIP/Asterisk, cutting telecom costs ~40% and creating the scalable foundation for national contact-center growth.
- Multcall: conceived and led development of a proprietary CRM/dialing platform with native recording, VoIP and data-driven decision capabilities; became a core enabler of high-volume operations.
- Multcob / Sicredi: conceived and led a flexible enterprise collections platform supporting centralized credit-recovery transformation across 100+ cooperatives and 1,000+ service locations.
- Data & analytics: built a dedicated statistics/analytics capability and an integrated data platform covering 60M+ individuals and 10M+ businesses to support propensity, segmentation, collections and sales strategy.
- Portugal Telecom: spent ~6 months in Portugal leading a Brazil-to-Portugal sales operation, including VoIP architecture, redundant data centers, Siebel integration, databases, processes and training for nationwide Triple Play sales.
- Abramo cross-border M&A: led valuation, due diligence, MOU, negotiations, transaction documentation and post-acquisition migration/integration for the acquisition of an Italian contact-center company.
- Selected strategic programs: structured Recovery's Brazilian operations (NPL servicer); launched C&A/Banco Ibi in Argentina; supported early Serasa Limpa Nome; led Banrisul transformation initiatives; and directed Taquari's R$7.4M facility project plus major company technology and operational investments.

SELECTED AI, PRODUCT & APPLIED R&D | 2025-PRESENT

- SigningLab - Predictive Sports Intelligence (pre-commercial): designed and prototyped ML/statistical models for football recruitment using large-scale transfer and match data; public 2025 back-testing reports ~81% classification accuracy (signinglab.com/accuracy).
- Last Myth Studios - AI-Assisted Games & Media R&D: developing a shared-universe pipeline using AI across coding, narrative, voice, 3D and cinematics; flagship Mythshards has a playable PvE/PvP build, plus a playable 3D battle-chess prototype.

- Recordia - AI-Enabled Digital Legacy R&D: prototyped a functional web/app concept for future video, audio and written messages, including AI-assisted content and potential legal/funeral-service partnership channels.

SELECTED VENTURES & GOVERNANCE

- Upper DataSoftware (2019-2022) - Founding CEO: helped build a technology venture focused on automation, data intelligence, customer-engagement platforms and AI/ML-enabled solutions, extending capabilities originally developed within Zanc.
- Tribeca | Hiperben | Inflick: structured and held equity roles in ventures spanning distressed-portfolio acquisition/modeling, employee benefits and influencer/digital marketing, contributing across strategy, product design, governance and commercialization.
- Governance: board/governance experience with Zanc and MTZ; long-term participant in iGEOC technology, telecommunications, innovation and security committees.

EDUCATION, RESEARCH & ACADEMIC LEADERSHIP

- University of South Florida, Muma College of Business - M.S. Artificial Intelligence & Business Analytics | Expected Jun 2027 | Current GPA 3.9/4.0 | STEM. Applied AI Research (Bioengineering/eNose): invited by faculty to supervise project continuation and serve as lead author on the planned manuscript.
- PUCRS - M.S. Business Strategy & Marketing (2007) | UFRGS - B.B.A., Marketing (2005) | PUCRS - B.A., Advertising & Public Relations (2004).
- Adjunct Professor - PUCRS (Mar 2009-Dec 2011): taught undergraduate and graduate courses in marketing, entrepreneurship, management, planning and quantitative analysis; also served in advising and thesis-committee roles.

SELECTED PUBLICATIONS & RECOGNITION

- Sampaio, C.; Simões, C.; Perin, M.; Almeida, A. L. S. “Marketing Metrics: Insights from Brazilian Managers.” Industrial Marketing Management, 40, 8-16 (2011); related research presented at EMAC, Nantes, France (2009).
- Co-author, “Public Relations and Marketing in Business Planning,” in Public Relations: Planning and Communication, EDIPUCRS (2012), pp. 27-38; 1st place, UFRGS public competition for Marketing Instructor (2008).
- Independent consultant/instructor for Boa Vista and leading Brazilian Chambers of Commerce (CDLs), delivering training and advisory work on collections strategy, customer approach and business performance.
